## ALASKA'S BEAUTY TOLD TO CLUB IN WORD AND PICTURE

Travel Club Hears of Vacation Jaunts To That Northern Territory

## COLORED FILMS SHOWN

Four New Members Are Welcomed; Reports of Forum and Federation Given

The peace found in a garden of exquisite beauty at the cliff-hemmed end of West Taku Arm, British Columbia, and the beauties of Alaska's ice-capped mountains and glistening fjords, were presented to the Travel Club yesterday afternoon in word and brightly-lit motion picture by Mrs. Theodore B. Megargee, who recounted her travel adventures of the past summer for the enjoyment of club members.

The afternoon program's subject was "We Visit Alaska," Mrs. Megargee, a member of the club, and Miss Elma E. Haefner, Hulmeville, telling of the beauties of the territory to the Northwest as they enjoyed them during the past few months.

Mrs. Megargee's presentation, which was augmented by colored pictures, centered about Skagway, Carcross, Lake Bennett, and "Ben-My-Chree," home of the late Mr. and Mrs. Otto Partridge, who had migrated from the Isle of Man to California, thence to Alaska and on to the beautiful lake in British Columbia during the Gold Rush days of 1897-98.

Retracing her journey in fancy yesterday afternoon for enjoyment of the Bristolians and their guests, Mrs. Megargee told of the trip made by her and members of her family, from Skagway over White Pass via a narrow-gauge railway, and on to Lake Bennett, the scar of the trail followed in Gold Rush days on the mountain slopes being clearly discernible from the train window. She told of how Mr. Partridge had followed that trail in '97 when he, too, heard the call of the Klondike, and decided to secure a portion of the gold by providing transportation for the prospectors. "He had heard of 'Soapy' Smith and his

## DIPLOMAS GIVEN TO 52 AT POLICE SCHOOL

Judge Calvin S. Boyer Makes The Presentations To Those Completing the Course

## LAUDED FOR THE WORK

DOYLESTOWN, Nov. 4—The fourth annual commencement of the Bucks County Police Academy was held in the American Legion Home here Tuesday night at which time 52 graduates were presented with diplomas. The presentations were made by Judge Calvin S. Boyer. Judge Boyer declared that in the 35 years he has been a member of the Bucks County Bar he has witnessed a rise of peace officers of this country to a new height which was never dreamed of when he served as the District Attorney of Bucks County in 1906.

Judge Boyer, who congratulated each graduate personally as he presented the diplomas, said the four requisites for any officer are: First, honesty or a good character; second, fairness or a sense of justice; third, courage, moral and physical, and fourth, intelligence, or rather an understanding of the duties of an officer.

Declaring that the prevention of crime is one of the most interesting of the modern social studies because it is connected with one of the most hopeless of modern day problems, since no one knows exactly how to prevent crime, Judge Boyer said there is no panacea for its prevention.

"First of all, we must have respect for the law and that can't be achieved unless enforcement officers have respect for themselves and must prove worthy of the respect of the public," said Judge Boyer.

"So great has been the difference in the peace officers of today compared with the peace officers years ago," said Judge Boyer, "that President Judge Hiram H. Keller and myself both have high hopes for the future of this body of men striving to improve themselves, and also high respect for the future of the academy."

"Your diplomas," continued Judge Boyer, "are emblems of your ambition to be better officers and also of the efforts in that direction."

Judge Boyer congratulated Deputy Sheriff August Wackerman and Chief Continued on Page Four

## THEY ASK YOUR ENDORSEMENT

Tuesday, November 7th, the voters of Bristol will have the opportunity of going to the polls, and in addition to naming numerous county officers will also express their preferences for six borough councilmen, two members of the Bristol School Board, a judge of the supreme court, judge of the superior court, and a judge of the court of common pleas of Bucks County. All of the offices to be filled are important to residents of Bucks County and to Bristol, particularly the selection of one-third of the membership of Bristol borough council. One councilman is to be named from each of the six wards of Bristol borough.

Bristol has been governed by successive Republican administrations over a period of years. Never during that time has there been the suggestion of the slightest taint of an unscrupulous action on the part of those responsible for the management of the borough's public business. This is a record of which this and any other community should feel justly proud.

Republican voters of Bristol at the Primary election in September nominated as candidates for borough offices those who are experienced in public and civic affairs; they have guided the destinies of the municipality through the trying years of the depression without the imposition of a burdensome tax rate or any curtailment of the functions which the municipality renders to the tax-payers. The borough has paid its debts, retired the bonds maturing, and otherwise met its obligations, and has done so without impairing its financial stability. This accomplishment has been brought to fruition only by the practice of the most frugal methods, prompted by a feeling of keen responsibility on the part of those charged with directing the affairs of the borough.

The Republican candidates seeking election to office Tuesday, are in harmony with the policies which have kept Bristol a solvent and going concern. They have worked tirelessly, given unstintingly of their services in the interest of the public, and have acted in accordance with their best judgment as to what was best for the community.

The Republican candidates seeking election to Council, are: Clarence W. Winter, first ward; John H. Wichser, second ward; Richard T. Myers, third ward; Roy F. Fry, fifth ward; and Samuel Conklin, sixth ward. Republican candidates for School Board are: Mrs. Edith Ratcliffe Harding and Charles S. Weik.

An analysis of the attributes of these candidates reveals them as individuals of trustworthy character, uprightness in their dealings, and individuals who not only show their interest in the community by seeking public office, but as those who have given unlimited time and service to the community in its various activities.

In voting for those seeking your approval on the Republican ticket on Tuesday, you will be voting for those whom you know; those who have been successful in their own per-

## SCHOOL DISTRICTS TO GET \$28,309.45 FROM STATE

Bucks County Districts To Be Reimbursed for Transportation of Pupils

## PAYMENTS AUTHORIZED

Bucks County school districts will receive \$28,309.45 from the State for transportation of children. The payments have been authorized by Auditor General Warren R. Roberts. The total amount to be paid to 1,257 districts for transportation of children is given as \$1,932,796.92.

Twenty-seven federal districts are to receive the transportation appropriations than last year, the subsidies being allowed for the transportation of pupils where schools have been consolidated, closed on account of a small enrollment of pupils, or where children reside more than two miles from the school building.

The maximum amount paid to any district is \$4,000 per year for districts receiving from 60 to 75 per cent aid from the State and \$3,000 for districts receiving 50 per cent, determined on the basis of teacher valuation. Bradford county, which is to receive \$104,696.23, will be paid the greatest amount of any county in the State, while Philadelphia, which receives only \$3,000, is paid the smallest amount.

## We Thought This Was November

(By "The Stroller")  
One of the friends of the Stroller column telephoned us yesterday morning with some interesting information about her garden.

Mrs. George Cheateley, Emilie Road, Midway, referred to our notation of having picked 13 varieties of Spring and Summer flowers last Sunday, and she informed us that her pink rambler rose bush has 50 or 60 roses in full bloom, "and there are that many more ready to burst into bloom."

We like news like this. It helps us to forget that the thermometer is in the 30's and 40's these mornings.

## Protest Release of Flint

Berlin, Nov. 4—Germany today lodged a verbal but sharp protest with Norway against the release of the American ship City of Flint, while unofficial hints were given out that an attempt will be made to recapture her when she leaves Norwegian territorial waters.

Immediate release of the German prize crew of 18 men, who were ordered interned when the City of Flint put into Haugesund harbor, was demanded in the protest.

Germany's protest came with lightning suddenness, within but a few hours of the ship's release from Haugesund.

The Reich Legation at Oslo, Norway, demanded a full investigation of the whole case, plus damages to Germany in proportion to the full value of the boat's alleged contraband cargo.

Still further demands may be made on Norway, it was indicated, and developments made it obvious that the Reich intends to make an issue of the matter on the grounds that Germany got an unfair deal.

The speed and decisiveness with which Germany acted against Norway seemed to suggest that Chancellor Hitler himself took a hand in the situation.

Since the City of Flint is considered by Germany to be carrying some contraband, it was regarded as possible that the Reich navy would take no further chances that the cargo might reach England. U-boats, it was thought possible, may sink the boat after removing her American crew.

Lest the City of Flint become the football in a dangerous naval game between Britain and Germany, Alexander Clark Kirk, charge d'affaires at the United States Embassy in Berlin, renewed insistence today that even though the boat again flies the American flag, her crew be safeguarded from attack.

## MRS. ALFONSI ASKS "PEACE AND REST;" AT PARENTS' HOME

Jubilant Over Reunion With Her Parents, Children and Brothers

## RECEPTION IS PLANNED

She Asks Friends To Withhold Affair Until She Gets Some Rest

"All I ask now is peace and rest!" Mrs. Stella Alfonsi uttered these words this morning at the home of her parents here after a jubilant reunion with her two sons, Ralph, 32, and Leopoldo, 16, whom she embraced last evening for the first time in 13 months.

Released yesterday shortly after four o'clock, following her acquittal in Philadelphia one week ago on the charge of the murder of her husband, Ferdinand, Mrs. Alfonsi says her first act yesterday was to go to the Church of the Annunciation, Philadelphia, "keeping my promise to Father Brennan, who so often visited me in Moyamensing Prison. There I lit a candle, and with Father Brennan prayed, offering thanks for my release from this awful charge."

"My god-mother, Mrs. Josephine DePaoli, of Philadelphia, met me at the church. She too had been praying for my release."

"From there I went to the Church of St. John. I was overcome when so many told me of my mother's daily visits to that church during my trial, when she made a Novena, seeking my freedom. I too, wanted to there offer my thanks to God."

Mrs. Alfonsi is today reunited with her parents, Mr. and Mrs. Anthony Liberte, 216 Washington street, and with her sons who reside in the same household. She is the only daughter of the family. Greetings by her parents, her sons, her three brothers who are married and live away from home, and from other relatives and friends were looked forward to by the one who felt the shadow of the electric chair for months in connection with the wide-spread arsenic murder ring cases. But, she explains, as glad as she was to see them all, "I asked that my homecoming be as quiet as possible. I wanted to see my boys and my parents in the privacy of our home, and to show them how deeply grateful I was for my release, and how glad to see them."

In spite of the privacy attached to her return to Bristol last evening, word of her release quickly spread, and all during the evening relatives and friends passed in and out, embracing the 30-year-old widow, and welcoming her home.

A large reception and welcome is being arranged in her honor soon, "but I asked the folks to postpone it for a time, as all I want now is peace and rest. I have been through much. The strain has been great, and I need quiet."

Mrs. Alfonsi admitted she slept but little during her first night home. "It was late when I retired, and then I remained awake and talked with my boys. They had little sleep too. They were so pleased to see me. They had expected me home a week ago when I was acquitted, and were disappointed. Then when I arrived last evening, they were surprised, not knowing I had been freed." Mrs. Alfonsi after her acquittal, was held on a conspiracy charge in connection with the death of Giuseppe DiMartino.

Arising at an early hour today she had already breakfasted at eight o'clock. Wearing an apron-dress of pale yellow, with trim of green, she rested in an easy chair of her parents' living-room, and recounted her experiences and emotions of the past week. Appearing calm, and wearing her wedding ring and two other pieces of jewelry, Mrs. Alfonsi glanced from time Continued on Page Four

REJECTED

There has been no reported rejection from Washington to the British Admiralty's comment on the marine "safety zone" set up at the instance of this country by the Panama declaration.

The Admiralty statement disclaimed receipt of the official notification, supposed to have been sent to all belligerents early last week. It said it understood, however, that the Panama declaration was in no wise an attempt to extend "territorial waters." It appeared rather, said the statement, to be only an "invitation" to belligerents to agree to keep out of the area delimited as neutral. This, the Admiralty thought, was the "wisest way of proceeding." It went on to tell why, citing among other things that United States treaties with Great Britain include a pledge to observe the traditional three-mile limit of territorial waters.

The statement sounded as though the Admiralty were disinclined to believe what it had read and heard about the safety zone scheme. It was written, doubtless, with the thought in mind that on two recent occasions President Roosevelt has said United States territorial waters extend out "as far as our interests go."

If the Admiralty statement was not a flat rejection of the Panama declaration, it clearly forecast such a rejection. The next move apparently is up to Washington, which we hope, will find a way to back down gracefully. The grandiose safety zone scheme is obviously untenable, unless this country is prepared forcibly to require observance of the zone's neutrality. We cannot see anything to be gained by such an effort, which would compensate for the risk.

First suggestion for a war song was Sir John Squire's "What's the use of Goering?" He never was worthwhile. So pack up your Goebels in your old kit bag and Heil! Heil!

Maybe the great of early times just seem greater because there were no news photographers to catch them scratching.

In view of the latest developments, we understand that Africa is relinquishing all rights to the title, "Dark Continent."

Seeks Election As Recorder of Deeds

county for the first time, Mr. Pfeifer, with 22 years business experience in Bristol and throughout Bucks county, is prominently identified and favorably known. He is affiliated with a number of fraternal organizations and service clubs.

Mr. Pfeifer has been a member of Bristol Borough Council since 1929, and his record in that office and his personal popularity combine to make him a candidate favored by a majority of the voters for any office within their power to bestow.

Although Mr. Pfeifer is at all times eager to be of service to others, that kindly characteristic is most outstanding in the part he has taken in activities to aid crippled and underprivileged children. Mr. Pfeifer prides himself for his regularity in his attention to his official duties as a Borough Councilman.

Born in Philadelphia, February 2, 1885, Mr. Pfeifer was brought to Bristol by his parents when he was three years of age, and has lived here ever since. After attending the public schools of Bristol, he worked in several factories here, following which he entered the piano and musical instruments business with the late Charles Grim.

Upon the latter's death, some 20 years ago, Mr. Pfeifer took over the business which he has continued since. He is vice-president of the Bristol Rotary Club, director of the Penn Manor Club, of Morrisville; member of the Lehigh County Fish and Game Protective Association, chairman of the Crippled Children and Charity Committees of Bristol Lodge, No. 970, Benevolent and Protective Order of Elks for the past 10 years. Taking an active part in Republican politics, Mr. Pfeifer was selected as committeeman from the sixth ward of Bristol borough six years ago, and has served continuously in that capacity ever since.

portant office of Bucks County Treasurer.

Both an active business life and an unusual interest and leadership in civic affairs of his home community, and Bucks county in general, have especially fitted the Sellersville editor for the office he seeks.

He was born in Sellersville on October 12, 1899, graduated from Sellersville High School in 1915; from William Penn Charter School in 1916 and from Cornell University in 1920, with a Bachelor of Science degree.

United States Army in 1918 and is an active member of the American Legion as well as a past vice-commander of the Nase-Kraft Post, American Legion, of Sellersville.

He taught science and history in the Sellersville High School, 1921 to 1923, and the following two years taught in Allegheny County Academy, Cumberland, Md.

Since 1924, Mr. Althouse has been managing editor of the "Poultry Item," a poultry publication with an

SILVER FOX RETURNS

ELGIN, Ore.—(INS)—The dog isn't the only animal that comes back. One night last February, caretakers of the Blue Fox Farm were puzzled as to how a valuable blue silver fox escaped from its pen. Recently the same fox returned to the farm and even found the same pen without giving keepers the slightest clue as to how the job was accomplished in the "escape-proof" structure.

Langhorne Club Women  
Hear Safety Work Outlined

A safety education program which was designed to reach girl and boy cyclists through their mothers and school groups, was presented at the first meeting this month of the Sorosis, in Langhorne Library, Thursday afternoon.

The speaker was William P. Swift, representing the Philadelphia Automobile Club, and who was presented to the members by Mrs. Phillip Lewis, chairman of the education committee. Mr. Swift gave suggestions for formation of bicycle clubs, which he said are great aids in bicycle safety campaigns. Through such clubs, he advised that safety can be taught to a great degree, the need of care impressed on young cyclists, penalties would be meted by a "traffic court" for disobedience to rules, and registration would be required and membership cards provided. Such clubs, he advised, could be operated through the schools, with the parents aiding.

As at each meeting of the club, Mrs. Paul Bennett, garden section chairman, presented queries pertinent to garden activities. Mrs. Henry L. Ridge, in presenting "Children's Books," suggested fine new books for juveniles which are now on the market.

It was announced that at the next meeting, November 16th, an all-day forum will be conducted, it being a guest day also. In the morning, Dr. Walter Mohr, George School, will speak on "International Relations," and in the afternoon, following box luncheon, the art committee will outline a program.

Reports given on Thursday included: County Federation of Women's Clubs held recently at Doylestown, Mrs. Edgar Frutcher, and Mrs. Blanche Hetherington; district meeting of clubs at Beaver College, Mrs. Paul Bennett and Mrs. Harry Rothelme; the Herald-Tribune conference in New York, Mrs. Robert O. Biltz.

## RECS ELEVEN TO PLAY AT FLORENCE TOMORROW

Tomorrow, the Bristol Recs football club will travel to Florence, N. J., and play the strong club of that place at 2:30 p. m. The Recs are still looking for their first victory and Coach Dougherty thinks Sunday would be a good time to do the job. Several new players are coming out this week-end. These include Srosson, all-county guard at Morrisville High last season; Craig White, formerly of Penn State; McClure, of Lafayette, a big tackle weighing 215 pounds. This group of new players, along with Accardi, 200-pound tackle, and a new end of Indiana high school, along with the following players of the Recs, Ed Bartle, W. Bartle, Sorensen, Riley, Crossley, Mellor, Capriotti, Casparia, Kervick, G. Dougherty, Thomas, Kleinfelder, Johnson, Swank, should again put the Recs on the victory road.

The Recs players are requested to be at No. 2 fire house not later than 12:30 p. m., as the team leaves at one p. m.

## INDEPENDENT ELEVEN'S SCHEDULE TWO GAMES

St. Ann's A. A. will have its final chance of finishing in the run for the Bucks County Independent Football Conference championship tomorrow afternoon when it meets the Falls Alumni eleven on Warner's field, Bristol Pike, near Morrisville.

In the other tilt scheduled for this vicinity, Diamond will meet the North-east Aces, at Michell's field, Andalusia.

Falls is still leading the independent conference, having three points. Diamond is in second place with two, while St. Ann's follows with a single tally. A triumph over Falls will put the Purple and Gold in a deadlock for first place.

The last time the two clubs met, Falls was the victor, 13-12, thanks to a long run by Roberts and also an extra point by the same player. Tomorrow, it is doubtful whether the brilliant Falls halfback will be in action.

He was injured during the Langhorne Area and has not played since.

Coach Bill Dougherty, of the Saints, feels that his boys are now out of the doldrums and will take over Doherty's charges and knock them from the league lead.

Joe Diamanti's team, in facing the Northeast Aces, is going up against a club which tied them, 6-6, in the first game of the season. Diamanti's boys did not look like themselves in this tilt and barely tied the Northeast boys.

However, the Diamond team has improved decidedly since that game and Coach Diamanti knows that his team is in for a triumph. He will stick to the same lineup that he has used five times in 14 days.

Games are scheduled to begin at 2:30 o'clock.

to time at her older son, Ralph, who sat nearby, alternately listening to his mother's story and looking at pictures. "The first time I saw Ralph in 13 months was last week when he appeared in the court room during my trial. I did not have opportunity to embrace either of the boys until last night when I returned home," she added. "They look so fine, and have grown so nicely under my parents' care."

Of Moyamensing Prison the local woman has nothing but praise. "Our chief matron, Mrs. Vickers, was marvelous, and a perfect choice for that work. She was kind and considerate. We each had our daily duties which made the days pass more quickly. But if anyone felt ill it was not required that she work."

Admitting that she has no definite plans for the future, Mrs. Alfonsi says she is content to remain with her parents and boys for the present. "I wish now that the world would allow me peace and remember me only as a woman who had an unfortunate experience," she adds.

Born in Ossining, N. Y., she came to Bristol with her parents when but five years of age. For but a few months she was employed in the local industries, then remained with her parents until her marriage at an early age.

Raymond Pace Alexander, who represented Mrs. Alfonsi with Frank J. Marolla, Jr., asked that bail be set at \$1000 because the family was poor. Judge Alessandrini fixed \$2500 as a compromise between that figure and the \$5000 sought by Assistant District Attorney John Maurer.

for re-election to that office for a second term.

Backed by knowledge gained by experience in the operation of the governmental and fiscal affairs of Bucks county, Mr. Baker's qualifications for office for a second term are outstanding. His service in the County Commissioners' office is a matter of record to which any candidate could point with pride.

Since the reorganization of the Bucks County Home Setup into the Bucks County Institutional District, Commissioner Baker has been very active in the reorganization and detail work of the home now under the direction of the County Commissioners.

The Republican candidate for Commissioner has served for the past three years as president of the Bucks and Philadelphia Counties Mutual Fire Insurance Company of Hulmeville.

Mr. Baker has served as a supervisor of Northampton township for many years. He is a farmer and has successfully conducted a dairy farm business.

In addition to his valuable experience as a farmer and business man, Mr. Baker has been secretary and treasurer of the Bucks County Association of Supervisors for 20 years. This service has given the candidate a valuable insight into the many functions of the position he seeks for a second term.

Mr. Baker's forebears were among the early settlers in Pennsylvania. Peter J. Baker, his great-grandfather, settled in York in 1805, and was a veteran of the War of 1812. The family migrated to Somerset county in the early part of the last century and his father, Jacob Baker, was born in New Lexington, and became a widely known and prosperous textile manufacturer.

the election to the office of County Commissioner at the Fall primaries, on the Republican ticket.

Son of the late Abram M. Hunsicker, the Republican candidate for the important office that he seeks, is one of Perkassie's outstanding citizens having been honored in 1934 when he was presented with the "Distinguished Service Certificate" by the Hartzel-Crouthamel Post of the American Legion for meritorious service rendered his home town throughout the course of a year.

Ancestors of Mr. Hunsicker were among the original settlers in Bucks county. For the past 18 years he has been engaged in the wholesale grain and feed business, representing the firm of John Eshelman & Sons, Lancaster. Over a period of 25 years, he has affiliated with only two concerns.

Mr. Hunsicker, who married Miss Verdella Groff on February 24, 1914, at Perkassie, has three sons and a daughter. One son graduated from college several years ago and another is attending college at the present time. The candidate is a graduate of the Perkassie public schools and the Bethlehem Business College, from which institution he graduated and entered the feed business.

Although Mr. Hunsicker never held any public office, his record of service to his home community has been outstanding. He has taken a very wide interest in the promotion of athletics and the physical education of the young people of his home community.

gang of desperadoes, and therefore hid his \$20,000 in a bale of oakum, transporting it up the trail," explained the speaker. Upon reaching Lake Bennett Mr. Partridge started a transportation company. In continuing the account of the journey he made last Summer, Mrs. Megargee mentioned the trip by stern paddle-wheel boat, starting from Carcross, and of wonderment of the party as to just what of interest awaited them at the end of West Taku Arm. Their amazement upon landing to view a garden "which seemed a combination of the Philadelphia and New York flower shows" was expressed. "We saw delphinium growing 15 feet high, and pansies three and four inches across each bloom; verbenas and forget-me-nots of great beauty, and all manner of flowers flourishing under the midnight sun."

The home and garden are cared for by friends of the Partridges, a Mr. and Mrs. Swanson, who, like the original owners, maintain the place, far from civilization, with the hope that visitors to that northern country "can enjoy the flowers, and take back to their homes some of the peace found there." The motion pictures taken by Mrs. Megargee on her journey featured not only the inside passage, the Wrangell Narrows, the lakes, mountains and glaciers of Alaska and British Columbia, but also national parks and other scenic spots in the Western part of the United States.

Miss Haefner, who had accompanied the National Editorial Association to Alaska in June, told of wonderful views of Mt. McKinley, named by the Indians "Denali" or "Home of the Sun," and of a trip by light of the midnight sun in Mt. McKinley Park for close-up view of the majestic peak, and of the herds of caribou, of the mountain sheep, goats, moose and other animals seen en route. The placer and quartz gold mining operations as viewed in Juneau and Fairbanks sections were described; and the beauties of the Alaskan towns of Sitka, Seward, Metlakatla, Ketchikan, and other points presented. She told of some of the interesting and unusual characters who made Alaska so colorful.

The visit of the ship to the face of Columbia Glacier, with the crumbling of the blue and white ice into the sea, formed part of the narrative, as did also accounts of the Indian population, their Totem poles and their occupations.

Mrs. Frank Lehman was in charge of the afternoon program, and the presiding officer during business was Mrs. William DuHamel. Serving as secretary was Mrs. Russell DeLong, who likewise gave an account of activities at the Herald-Tribune Forum in New York City, recently. Another report of the day was of the Fall meeting of Bucks County Federation of Women's Clubs, in Doylestown, by Mrs. Emil Metzger.

New members welcomed into the club are: Mrs. Walter Cochran, Mrs. Howard Leister, Mrs. C. F. Johnson, and Mrs. William Groff.

Vocal music added to the afternoon's pleasure. Mrs. Donald Moyer singing "Mary," and "Smilin' Thru." Accompaniment was Mrs. Albert Dowden. Announcement of the supper which the club will serve in the club home next Tuesday evening was made by Mrs. Walter Pitonka.

With 22 having signified interest in

a club chorus, date for first rehearsal was set for December 1st at two p. m. On November 17th the club will tender a reception in honor of the Junior club.

Tea was served, the following members comprising the committee: Mrs. Mulford Callahan, Mrs. Carl deGaulle, Mrs. Donald Moyer, Mrs. Harry T. Neher, Mrs. Robert C. Ruehl, Mrs. Lester D. Thorne, Mrs. Roy Tracy and Mrs. Carl Wenzel.
